Lighting Services

What kind of lighting services can IEM provide?

- IEM can do a lighting survey.
- IEM can help with lighting design and installation.
- IEM can perform lighting retrofits.
- IEM do light fixture cleaning.
- IEM excels at Planned Lighting Management Agreements.
- IEM can perform electrical sign repairs.
- IEM does outdoor lighting installation and maintenance.
- IEM performs lighting retrofits.

!!! SAFETY !!! IEM Lighting Services is committed to providing a safe working environment while servicing your lighting needs.

\$ Cost Savings \$ Our technicians keep your costs down by carrying an extensive, complete inventory on each truck. Through proper management of the truck inventory, we are able to complete most service calls on the first trip.

IEM provides our clients with the following benefits:
7 days a week 24-hour emergency dispatch
Management Reports
Rebate research and filing

Some of the industries we serve include:

Commercial Office Buildings - Retail Stores
Industrial and Manufacturing Facilities - Public Sector Facilities
Warehousing and Distribution Facilities - Educational Institutions
Healthcare Facilities - Airports - Banking - Hospitality

IEM has an experienced project management department that provides direction, support, and communication with both our customers and our partners.
